

**PRODUCT**

# PRIME BLEACH POWDER 16

## BLEACHING AGENT WITH CHLORINE

**PRODUCT DESCRIPTION**

- Prime Bleach Powder 16 is a stable, free flowing powder formulated for tropical and subtropical conditions. It eliminates fabric damage from spillages, greatly reducing linen replacement.
- Prime Bleach Powder 16 contains polyphosphates which provides water softening properties for better results.
- Prime 16 is mainly used either in automatic feeding equipment including flush feeders or extractor units.

**PHYSICAL PROPERTIES**
